**Revisiting/Debriefing after each drill:** If the drill occurs on the day of/day before a staff meeting, then debriefing occurs at the meeting. If not, then the principal or assistant principal will email staff members observations and feedback from the drills. A brief meeting still may be called after school the day of each drill to revisit and debrief. Staff are encouraged to give feedback so that adjustments may be made as needed.

**8/19** At the professional development session, teachers will be (re)trained on safety drills and protocols.

**8/28 Fire Drill**  
Some students will be in related arts or resource classes during this time. This is also the first drill of the year, so practice is key.

**In the Event of a Bomb Threat/ Evacuation:** Once everyone has been accounted for after exiting the building, teachers will then be notified whether to stay in their fire evacuation places or whether they will be transported in an orderly fashion by buses to the reunification point, Camden Middle School. Because only walkie-talkie communication may occur, our school's front office staff, will go to the middle school ahead of time to notify them of the evacuation and set up a parent communication center, preferably in the school's cafeteria or gym. Once all students have been transported, designated staff members will assist with the parent sign-out process.
